OBSERVE! the CHEAPEST DEPOT in England for MARBLE CHIMNEY PIECES, and of every other [illegible] WESTMINSTER MARBLE COMPANY'S PATENT WORKS, Hart-street, Hyde-street, Millbank.—Country orders executed with care and a large assortment always in stock.

TO MASONS.

REDUCED PRICE of MARBLE SLAB. The LONDON MARBLE and STONE WORKING COMPANY continue to sell Slab, of superior quality and well seen, at their Manufactory, ESHER STREET, near Millbank, Westminster, at the following reduced prices, viz.:

1 inch, at 1s. 9d. per foot.
1½ inch, at 1s. 6d. "

VEINED MARBLE.—TO MASONS, BUILDERS, &c.—NOW ON SALE, at the Marble and Wood Sawing Mills, Commercial-road East, the LARGEST STOCK in London of VEINED MARBLE, in SLABS, at the following low prices for Cash:—

Inch ..... 1s. 3d. per foot superf.
1½ inch ..... 1s. 6d. "

Lovely Siberian Veins, well seen, 2s. 6d. to 3s. per foot superf.

Sawing, 3d. per foot upon finished and [illegible]; Bardiglia, Dove, Lisbon, Black and Gold, Ilia nero, and all other Marbles in general use, in slab and block, equally low.

ITALIAN and GALWAY MARBLE QUARRIES, Depôt, Whitehall Wharf Parliament-street, Westminster, London, last.—Mr. Franklin, the proprietor of the above Quarries, begs to inform the Sculptors, Builders, and Marble Masons that he is now landing at Whitehall Wharf, Compton's new steam railway, for sale of Black marble, in blocks, [illegible] Statuary Marble, in Slabs, at the following low prices for Cash:—

Inch ..... 1s. 3d. per foot superf.
1½ inch ..... 1s. 6d. "

Lovely Siberian Veins, well seen, 2s. 6d. to 3s. per foot superf.

Sawing, 3d. per foot upon finished and [illegible]; Bardiglia, Dove, Lisbon, Black and Gold, Ilia nero, and all other Marbles in general use, in slab and block, equally low.

THE PIMLICO SLATE WORKS.— Patronised by Royalty, the Heads of the Nobility, the Clergy, Architects of Eminence, Builders, Railway Contractors, and the Public generally.—MAUNSELL'S ENAMELLED SLATE (notwithstanding the new inventions and improvements of his talented rivals) still maintains its position in favour with the public, being handsomer, more durable, and very much cheaper than ever. Price-list sent to any part of the kingdom gratis, and a book of drawings and patterns free on receipt of six postage stamps.—Offices, Pickfords' Wharf, Lupus-street, Pimlico, and Yard, Wine Cellar Entrance, Wilton, and every variety of plain slate work, at prices that defy competition.—Orders and letters, Upper Belgrave-place.

VALENTIA SLATE SLABS.—The VALENTIA SLATE PAVEMENT merits full public attention to these very superior SLABS. By an improved method of sawing that has been also to ensure greater truth and smoothness of surface than had hitherto been considered attainable, and at the same time materially to reduce the power of the article.

London Prices per foot for Slabs, Sawn or Planed, and with Chamfered Edges:—

Thickness	1 in.	1½ in.	1¾ in.	2 in.	2½ in.	3 in.

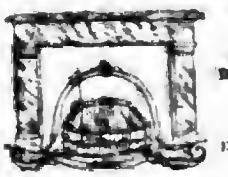
For further particulars apply to the Company's Offices, 4, Trafalgar-square, Charing-cross, London.

MARBLE CHIMNEY-PIECES, GRATES, AND FENDERS.



J. E. DIWSON, 123, OXFORD-STREET

(Five Doors West of Regent Circus),

LONDON,

Has now on Show a most extensive and recherché assortment of

MARBLE CHIMNEY-PIECES, ENGLISH GRATES, AND FENDERS,

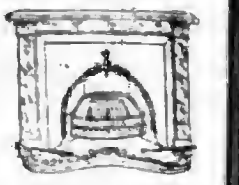
of the most elegant and perfect construction.

IMPROVED KITCHEN RANGES,

and other Cooking Apparatus.

Every article manufactured upon the most correct principles, and at ready-money prices.

Sole Manufacturer of Cundy's Patent Stoves.



STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both faces, will be sent on application; and part paid to the trade, and private orders. The prices are under those advertised for inferior stone.

BATH STONE OF BEST QUALITY.

RANDELL and SAUNDERS, QUARRYMEN and STONE MERCHANTS, BATH.

List of prices at the quarries, also cost for transit to any part of the kingdom, furnished on application.

MARKET WHARF, REGENT'S-PARK BASIN.—MARTIN and Wood solicit the attention of Builders, Masons, and others, to their stock of Portland, Kent, and Derby Stone; also Bangor White, Lime, Cement, Plaster, Bricks, Tiles, Laths, Pavements, Fire-stone &c., sold at the lowest possible prices for Cash. Portland Road stone, Ledges, Stone, Landings, &c., cut to order on the shortest notice. Tarpaulings let on hire. A Stock of Northern Drain Pipes, Syphons, &c., always on hand. Mortar, Lime and Hair, Fine Stuff, &c. Prompt attention paid to country orders.

BATH STONE.—RANDELL and SAUNDERS, Quarrymen, Bath, have appointed MARTIN and WOOD their sole agents in London. R. and W. beg to inform Architects, Masons, Builders, &c., that a large assortment of the much approved CORSHAM DOWN and other BATH STONE will always be kept at the Depôt, opposite the Great Western Railway Station, Paddington. Orders will also be received at Market Wharf, Regent's-park Basin.

BRAMLEY FALL STONE.—Consumers of this stone are requested to inspect the large and superior STOCK now on VIEW, at the depôt, Barrow Hatter Wharf, Rotherhithe, London. For prices, &c., apply at the depôt.—H. H. CLARK, Sole Agent. Cargoes shipped direct to all parts of the coast. Goods Landed and Shipped with a powerful crane.

BRAMLEY FALL STONE, from the best Quarries near Leeds, Yorkshire.—JOHN HUSLER wishes to call the attention of Engineers, Architects, Builders, and Contractors, to his most superior Bramley Fall Stone, now produced at his most extensive quarries situate as follows:—Victoria Quarries, West-end; Bateman Hill Quarries, West-end; and Hawksworth Wood Quarries, on the Leeds and Thirsk Railway, between Kirkstall and Bramley stations, all within an easy walk or three cabs' fares from Leeds. The above quarries (so celebrated as the above quarries is) are allowed by all judges to be vastly superior to any stone produced from the so-called original quarries, both for durability, uniformity of colour, and freedom of working. Engineers, Architects, Builders, Contractors, and others wanting a fine, close grit stone, of a uniform colour, and to which the finest mouldings may be worked, and a stone that is not to be equalled or surpassed by any stone extant for durability in viaducts, rails, or other work are earnestly requested by JOHN HUSLER to visit his quarries as above; or, if more convenient to call at his London depôt, at the Victoria Stone Wharf, Isle of Dogs, where an extensive stock is kept up, and every information can be obtained from Mr. SAMUEL TRICKETT, Sole London Agent.

TO ENGINEERS, SURVEYORS, STREET AND ROAD CONTRACTORS, PAVIORS, AND BUTILDERS.

THE CRAIGLWYD QUARRY COM- PANY are now prepared to supply any quantity of square sets of carboniferous smooth-faced Channel Stones, Kerbs and Building Stones from the Quarries, Penmaenmawr near Conway, into Trucks at their Siding on the Chester and Holyhead Railway, free on board vessel at the shipping pier, or delivered at any side port by the Company's vessels, at most reasonable prices. This material has been used for many years in Liverpool, Manchester, Chester, Birkenhead, and other large Towns, in Paving the Streets with sets, and the rough Stones, when broken, in macadamizing. It has been tested in all situations, and found superior to Granite, from its much greater durability, the Sets having been laid down in streets of great traffic upwards of 15 years, with scarcely any perceptible wear. It has been extensively used in Wailing and Arching Tunnels, &c., on the Holyhead Line, and much approved by the Engineers. For prices and further particulars, apply to RAYNES, LUPTON, & Co., Liverpool.

Specimens of the above Stone will be at the Great Exhibition.

WHITE SUFFOLK and RED FACING BRICKS of Superior Quality. Moulded Bricks to any pattern.

GREY and KENT BRICKS; also Yellow and Pale Malm Stocks, Cutters, Uniters, Shippers, &c.

KENTISH RAG STONE of every description, rough or worked, direct from the Quarries.

Apply to Mr. BENJAMIN GOUGH, 37, Newman's-crescent, Newington-butts.

BRICKS.—200,000 good old stock BRICKS for SALE, and a quantity of BELGIUM BLACK MARBLE.—Apply to Messrs. HALL, Porter at the Thames Bank Distillery, Randolph-road, Pimlico. Good land and water carriage.

BRICKS.—In consequence of the low price at which Brickmakers have, for some time past, been paid, Sealing Arkell and Brooks, 21, DODD-street, Islington, offer his Bricks, which are of good quality, at the following low prices; and as his fields are only a quarter of an hour's walk from the City, H. D. earnestly requests purchasers will favour him with a visit, in order to inspect his stock and to judge for themselves:—

Marie Cutters	40s. per thousand.
Yellow Seconds	32s. 6d. "
Pale Seconds	30s. "
Pavors	45s. "
Pickings	25s. "

Marie Place, Half-vented Stocks, and Place Bricks, of equally low prices. These bricks are sound, well burnt, and unusually free from defects; a very large proportion of the stocks being suitable for external facing. They will be delivered at the above prices anywhere within two miles of the Bells.

Apply to HENRY DODD and Co., at the Counting-house, Horton Brickfields, Grange-walk, near the Rosemary Branch, Hoxton.

N.B. Red Pit Sand, of approved quality, constantly on sale, upon reasonable terms. In the erection of walls, where it is desirable that the work should be kept as free from damp as possible, this sand from its total containing any saline matter, is acknowledged to be preferable to river sand.

BELL'S PATENT LIQUID CEMENT.— Ready for use, on the front of houses, only one-eighth the cost of oil paint; for beauty it is unequalled, giving the appearance of fine cut stone. In casks of 3, 5, and 7 cwt., at 8s., 15s., and 21s. each.

PATENT MINERAL PAINT, invaluable for cheapness, beauty, and permanence. Ready for use. Will stand any climate, and will be calculated for exportation.

NEW ELASTIC PAINT for DAMP WALLS; an effectual remedy, inside or out. Will dry in a few hours, and may be painted over at once, if desired.—H. BELL and Co., Stamp Mills, 2, Wellington-street, Goswell-street.

PARKER'S CEMENT, TARRAS, CASTING CEMENT, MARTIN, and PLASTER OF PARIS, manufactured by J. W. BLAKEFIELD, Millwall, Poplar, and sold at his Wharves, Brunton Stairs and Commercial-road East, both open to Regent's Canal. THIRD QUOTATION CHIMNEY-PIECES and CHARCOAL Stoves, Tramway Tiles, Tinted Stucco and Red Wove Stair-rubbers and Closet-seats; Bricks, Lime, and Hair, Painting and Pointing Tiles, &c. &c.—Office, No. 2, New London-street, Mark-lane, City.

PORTLAND CEMENT of superior colour and hydraulic properties.

STAFFORDSHIRE VITRIFIED BRICKS GLAZED PIPES AND FIRE GOODS.

FREEMAN and RICHARDSON, 6, South Wharf, Paddington.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, Rose Hill, Dewsbury.—Messrs. ROBINS, ASPDIN, and Co. respectfully refer to No. 980, page 491; and also Nos. 981 and 982, pages 503 and 511, of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, whereby the great superiority of their Cement is manifest. This Cement has been proved for upwards of twenty years in the Thames Tunnel, to resist the action of water: it is stronger in its combination, harder, more durable than any other description of Cement; it does not vesciate, crystalize, or turn green, nor is it affected by any atmospheric influence whatever the climate, resisting alike the action of frost and heat. It is ready to use as it comes from the kilns, and requires to be mixed with only two measures of sand to one of cement, and is proved to be equally good for inside and outside work. In these respects it has the Roman Cement with but one measure of sand. This superior cementing power, combined with its eminently hydraulic properties, point it out as the finest material for building as an embankment wall, the lining of reservoirs, cisterns, and baths, and for all these purposes where strength and a perfect resistance to water are required.

Manufacturers, J. B. WHITE and SONS, Millbank-street, Westminster, and 36, Mincing-lane, Liverpool.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement, but has the advantage over that material of wholly resisting frost. When used as a stucco, it does not vesciate or turn green in damp situations, and requires no colouring. Employed as an hydraulic cement for brickwork, it carries four to five measures of sand to one of cement, and is proved by trial to become harder and stronger in these proportions than Roman Cement with but one measure of sand. This superior cementing power, combined with its eminently hydraulic properties, point it out as the finest material for building as an embankment wall, the lining of reservoirs, cisterns, and baths, and for all these purposes where strength and a perfect resistance to water are required.

Manufacturers, J. B. WHITE and SONS, Millbank-street, Westminster, and 36, Mincing-lane, Liverpool.

ATKINSON'S CEMENT.—This Cement has hitherto been manufactured in Yorkshire, and, from long detention at sea, has often proved stale and unfit for use on its arrival in London. By the arrangement now made, the Cement will be manufactured in London, and those presented to customers in a fresh and genuine state, by the sole Agents, J. B. WHITE and SONS, Millbank-street, Westminster.

KEENE'S and PARIAN CEMENTS, for internal stucco, are employed very advantageously in place of wood for skirtings, architraves, and panel mouldings, and for indoor flooring, instead of stone. The cheaper preparation of PARIAN Cement allows of its being painted or papered upon within a few hours of its application, and thus renders it an important substitute for common plastering in those cases where repetition and beauty of finish are essential.—J. B. WHITE and SONS, Millbank-street, Westminster, Patentees of KEENE'S Cement, Licensees of PARIAN Cement.

MARTIN'S PATENT FIRE-PROOF AND ORNAMENTAL CEMENT, APPLICABLE FOR ALL INTERNAL PURPOSES WHERE PLASTERING IS REQUIRED.

This invaluable Cement has now been before the public several years, and obtained so high a standing in the estimation of all who have used it, that it is unnecessary to comment on its merits. Messrs. STEVENS and SON, however, feel called upon to observe, that, from the greater extent of surface which a given quantity of J. B. WHITE and SONS' will cover, as compared with other Cements of internal use, there will be found a gain of 10s per cent in material, full 7 per cent. less in price, with an additional saving in labour of 15 per cent., by its allowing about forty minutes for working, being less than one-tenth of the time of other cements of a non-hydraulic character, and therefore worked with greater facility, making together the economic saving of full THIRTY-THREE PER CENT.; to all which considerations there are common minds of doubt. Specimens, both of its beauty, hardness, and applicability to all plain and ornamental purposes, may be seen; and the Cement, in any quantity, obtained of Messrs. STEVENS and SON, at their Plaster and Cement Works, Brunswick-lane, London.—Manufactory, Derwent Mill, Derby.

N.B. This Cement will receive paint or paper in a few hours after the completion of the work by the plasterers.

JOHNS and CO.'S PATENT PERMANENT STUCCO WASH, WITHOUT SIZE OR OTHER OBJECTIONABLE INGREDIENT.

JOHNS and CO. have effected some important improvements in the manufacture of this very useful material, confidently [illegible] to the notice of the Trade and the Public generally, as presenting great advantage over the common Lime Wash or Water Colour STUCCO or BRICK WORK. It is a Stone Colour, but can be tinted to any other.—DOES NOT WASH OFF.—is perfectly dry in twenty-four hours, and being a non-absorbent, is admirably adapted for Railway Stations, Corn Warehouses, Barracks, Schools, Prisons, &c. One coat will cover 2½ square yards. It will keep good for years, and MAY BE EXPORTED WITH PERFECT SAFETY.

JOHNS and CO.'S STUCCO CEMENT.—This cement, from the great reduction in price, and its suitableness for internal as well as external surfaces, places it above all other materials of its kind: it has no caustic qualities; may be painted or papered in a few days; never blisters, repels, or vegetates; soon becomes as hard as stone, and may be cleaned with a brush and water.

The merits of the PAINT are well known for its application to stucco work of all kinds, and external work exposed. Numerous testimonials, prospectuses, and every information may be obtained, on application to the Sole Agent, PHILIP HARE, of the Warehouse, 31, Great-yard, Upper Thames-street. A liberal allowance to wholesale dealers.

THE PARIAN CEMENT, for INTERNAL STUCCO, which was supplied at Messrs. J. & R. MORLEY'S warehouses and dwelling in Wood-street, Cheapside, by the Co., has been used throughout the premises, in every story: altogether about ten thousand yards superficial, chiefly upon recently built walls, and a small portion upon timber partitions, and it has the most perfect and satisfactory result. I feel it also necessary to observe, that the plasterers' work was almost invariably followed up on the next day by the painters, thereby enabling me to have the building complete in the shortest possible time, both for business and for the convenience of the establishment. I am, therefore, of opinion, that the use of this new material is a most valuable feature in building operations and fully justifies that which I am given to understand, viz., that it was an extraordinary material. I think it right to mention that I am at the present time lighting operations of similar work executed at another range of buildings, where time and the quality of the work are of the utmost importance.

(Signed) JNO. WALLEN, Architect, London.

To Messrs. Chas. Truscott and Sons, Manufacturers.

Nine Elms.
